

SIGNATURE FORM – Prairie Management Burn

Anyone requesting to conduct a burn of a prairie stand within the city limits of Cedar Rapids, Marion or Hiawatha must first obtain the appropriate signatures from any residents within one-quarter of a mile of the proposed burn site. Linn County will grant a variance to LCCO 10.10(B) if the appropriate signatures are obtained. Per LCCO 10.10(h) “Other Burning”, allows the Air Pollution Control Officer to issue a burn permit on a case by case basis for prairie management burns as long as it has been determined that the burning will not adversely effect the air quality and is reasonable and practical as compared to other alternatives available.

My signature below states that I have no objections to: _____

conducting a prairie management burn at the following location:

_____ which is within one-quarter mile of my/our residence.
